CROWN WORLDWIDE GROUP OPENS NEW OFFICE AND WAREHOUSE FACILITY IN CEBU

Cebu, May 21, 2012 - The Crown Worldwide Group, a worldwide leader of global mobility, relocation services, information management and fine arts and high value logistics recently opened a new branch in Mandaue City, Cebu, Philippines. Crown's newest facility aims to support the rapidly growing records management and relocation businesses in the region.

Cebu Island, also called Queen City of the South, is one of the most developed islands in the Philippines. It is a center for commerce, eco-tourism, business and knowledge process outsourcing, and education in the Visayas region. Its extensive international port facilities, accessibility to Asia and the rest of the world, have led more than a hundred multinational firms to establish manufacturing industries on the islands. As a result, Cebu leads the entire country in exports.

Crown Cebu's 650 square meter warehouse and office facility has 24 hour security, closed-circuit television cameras and is equipped with a fire detection system. The new facility has helped strengthen regional market share and stands as a collaborative arm of Crown Manila. Camilla Brooks, country manager for Crown Philippines states: "Cebu's growth in recent years means that, in order to remain a dominant player in the relocations and records industry in the Philippines, we must have presence in Cebu. The cooperative efforts of both offices will be critical to long term Crown Philippines' success. We are so excited to have them on board!"

Crown's Cebu office is managed by Sidri Hilario, branch manager, who has 10 years of extensive experience in business development and operations management. Sidri said: The branch presence signifies Crown's commitment and promises to our clients, wherever they are located.
