## **CROWN RELOCATIONS OPENS NEW OFFICE IN SAO PAULO**

**Sao Paulo, May 15, 2012** - Crown Relocations, a worldwide leader of global mobility, domestic and international transportation of household goods, including departure and destination services, recently announced the relocation of a branch on April 12, 2012, to a new facility better located within Sao Paulo, Brazil. This improved branch will help maximize the opportunities in the Sao Paulo market.

Crown Relocations occupies three of Brazil's major markets with facilities located in Rio de Janeiro, Curitiba and Sao Paulo. The new facility is a gated complex with 24-hour security. It consists of a 4,500 square meter warehouse, spacious office space, state of the art training and conference facilities. The enclosed weather-proof dock helps Crown staff safely load and unload clients' precious belongings. The facility's location provides access to main highways connecting the major ports, airports and downtown Sao Paulo. Bill Whaley, country manager Brazil, commented: This new facility is a showcase for Crown and to corporate clients. We are well positioned to support our growth in Sao Paulo. I'd like to thank the entire team in Sao Paulo for their hard work in preparation of the relocation of the Crown branch.

During the dedication of the facility, Frank Hochgesand, managing director of Crown Latin America commented: I would like to thank the Executive Board for their support of this project. It is no secret that Brazil is a key market for Crown. The growth experienced by Crown Brazil clearly has reflected this.
