FOR IMMEDIATE RELEASE**

## **THE CROWN WORLDWIDE GROUP APPOINTS DENNIS MULDOWNEY AS GENERAL MANAGER, JAPAN**

**Tokyo, Japan, April 30, 2013** – Crown Worldwide Group, the world's largest privately-held group of international logistics and related services companies, announces the appointment of Dennis Muldowney as General Manager, Japan. With more than a decade of experience managing Crown operations in Asia, Muldowney's broad insight will strengthen the company's market position in Japan. The announcement follows the strategic appointment of former General Manager of Japan Louis Pimentel as Director of Pricing and Analysis, APAC.

Since joining Crown in 2002 as Relocation Services Consultant in South Korea, Muldowney has held a number of positions in the Asia-Pacific region as Regional Account Manager in Hong Kong and Global Mobility Services Manager in Kuala Lumpur, Malaysia. In his most recent position as Country Manager of Korea, Muldowney was instrumental in expanding Crown's service coverage outside Seoul to include Busan, Ulsan, Geoje and Jeju Islands. Crown Korea received the highest Quality Award within the Crown Group during Muldowney's tenure. Muldowney has also successfully completed the Crown Leadership Journey (CLJ), a prestigious executive training program offered to a select group of Crown experts.

"I am very enthusiastic about this opportunity to lead our Crown Japan team," said Muldowney. "Japan is where Crown was founded nearly 50 years ago, so it will be a fantastic experience taking the helm at this milestone in our company's history. Japan is a fascinating country, rich in culture and showing signs of renewed life in their economy. I'm confident that Crown Japan is ready to capitalize on the opportunities that lie ahead."

Muldowney's enthusiasm, coupled with his proven leadership abilities, will allow Crown to continue to uphold the highest customer service standards for its services in the region. The appointment is critical in delivering high-quality services to established and future local and international customers in Japan.
